**Amended Regulation Part 100.2(j) guidance:**

“The New York State Education Department... amended the school counseling regulations in an effort to help increase opportunities for all students to be successful. It is important for students to have access to a certified or licensed school counselor in the early years to help inspire young students to strive for success and consider college and career opportunities.”

All are trained to provide some form of counseling.
*Licensed and have training specific to providing services in an agency.*
*Certified and have training specific to providing services in a school.*

Social services, poverty issues, disabilities, mental health assessment

When comprehensive school counseling/guidance services are planned and coordinated, it can all work together like a well-tuned machine.
NYSED/NYSSCA Presentation to Middle Level

MTSS

  • Parent/teacher/student conferences
- Effective for ~80%
  Tier 1
  School-wide, accessed by all students
  Screening, instruction and prevention focused
  • Academic advisement
  • Individual student planning

ACCOUNTABILITY

SED GUIDANCE DOCUMENT: ACCESS

“Ensuring how all students K-12 will have access to certified school counselor(s) and the comprehensive program is a local decision that must be in place by September 2019. The Department expects districts to add or appropriately redistribute staff needed to address unmet student need. Districts may plan to add full or part time staff, redistribute current staff, and/or utilize itinerant services through BOCES.”

New York State will use multiple measures of success to identify schools, beginning with 2017-2018 school year results.
